Founder's Desk :

The Foundation – As I See it'

“Dreams are not what we see when we are asleep. Dreams are something that does not let us sleep” I begin in the light of this famous saying for it all began as a dream. Walking down the memory lane, I see myself beginning the session in 2005-06 with just 5 Students which rose to 15 by 2007. In 2009 – 10 we had 50

Students under our wings. Yes, by this time I was not alone, it became we as a few more dreamers joined and extended their hands when my strong faith touched them, some came as teachers to nurture the blooming buds with smiling faces, some people from other profession also lent their hands and Ascend Educational Trust came into existence, in this regard I am thankful to the parents of the students also who entrusted us. Without their support and co – operation we could not have come this far. I always nurtured this notion that studying and teaching should not be adverse to the little minds. They should joyfully accept education, not be in mortal fear of it. Keeping that in mind I devised a method with my experiences and study of different systems present in the field. To create an atmosphere in our school which our children would accept happily and playfully. Now I see the dream transfiguring in front of my eyes everyday into a bigger and better reality – reality which is golden in its very existence though. I know its “miles to go ...

Principal's Desk :

With notion of our founder's vision

I strongly, believe in making education joyful and easily acceptable to young minds. We do understand that every child today is a Global Citizen. We want them to be imaginative, confident, humble and above all to be big dreamers who would one day shine on their own accord. It's our humble aspiration to shape these young minds and show them the broad shining way to be a proper human and a true Indian in every true sense of the term. We aim to do this in a way

which is quite different from the set notions and rules of society. We intend to make our students realize the importance of a sound moral foundation. We organise “Probhatpheri” on the day of Ishwar Chandra Bidyasagar's birthday which gives them an insight into the long lost traditions of Bengal and encourage them to learn from their lives. We even dedicate a section in our Annual Exhibition to 'Science' which improves their scientific knowledge. All the experiments and models are developed by the students themselves, albeit with a little guidance from the teachers. Not to mention, we have carnivals including, fair, sports & cultural programme. That's we arrange an excursion every year for STD VII to XII & a day trip for STD IV to VI. The students learn the important virtues of sportsmanship, obedience and sincerity which we believe is better inculcated in the open field than within the four walls of a classroom. Even the cultural programme is staged so as to enrich their knowledge of the cultural heritage and help them develop their co-curricular activities. We don't want them to follow on the footsteps of others but leave their own 'Footsteps on the sand of time'.

At a glance :

The Foundation School came into existence on 15th December 2004. It is a co- Ed school follows CBSE Curriculum & impart education from TODDLERS (2+) to STD -XII. 1st Campus of The Foundation School (Oxy-Town) observed a steady growth from the very beginning in the present 4 storied building at P - 29, Oxy-Town, Shibrampur, Kolkata - 700061. Under the guidance of the school management it has already received the West Bengal board NOC which is the most important part of CBSE affiliation. The 2nd Campus at Joka is in steady progress to be operational very soon. Students appearing on CBSE Boards Exams (X& XII) since 2016 & passing with very good gradations. It has well equipped labs (physics, chemistry, biology, computer & home science) Here we strongly believe that BETTER FUTURE IS ONLY POSSIBLE ON GOOD FOUNDATION.

Our Mottos :

1. Helping the students to learn to love, later they love to learn with pleasure.
2. Creating “*Global Citizen*” based on the strong foundation of human values, ethics, integrity and the power to overcome the adversities of real life.
3. Making the school 'The Centre of Attraction' and study an “*interesting game*”.
4. Lessening the burden on the small shoulders of books, home work, exam etc
5. Building the confidence in the minds of the students to become *big dreamers* by encouraging *Co-operative, Team Game* attitude.
6. Developing mental, physical & social health of the students and their parents with different activities & seminars.
7. Weaving respect in the minds of the students towards the rich heritage of India and to make them proud to be an Indian

NO CANE BUT CARE

NO PUNISHMENT (PHYSICAL OR MENTAL) BUT PUNCTUATION

NO COMPETITION BUT COMPLETION

Special Features :

- A) AC Class Room.
- B) Smart Class.
- C) E – Diary facility.
- D) Regular Health Checkup of students by Doctors.
- E) Pool car facility.
- F) Assessment according to CBSE Board.
- G) Quality education at *very nominal cost*.
- H) Monthly parent - teacher meeting.
- I) Student concession (T & C apply).
